

Indoor Installation Manual

Applicable indoor models: FTKF09BVJU9 and FTKF12BVJU9

- Daikin OTERRA R-32 wall-mounted indoor unit installation reference.
- Use with indoor models FTKF09BVJU9 and FTKF12BVJU9.
- Typical topics include wall-mount plate placement, piping route, condensate drain, field wiring, flare connections, and test operation.
- This file was prepared for product-download organization so your Volusion links remain consistent.

If you later obtain the official Daikin installation PDF for these exact indoor models, you can replace this file while keeping the same filename and HTML path.
